TEXT OF AGREEMENT.

Proposition Submitted to China by the Co-operating Powers.

REVIEWS THE CHINESE ATROCITIES

Conditions on Which Peace Is to Be Restored Set Forth in Twelve Articles—Now It Is Up to the Celestial Empire to Accept.

Washington, Dec. 24.—The state department has made public the text of the joint note to the powers to China. The English version is understood to be in substantial equivalence with the French text of the note addressed to the government of China as agreed upon by the representatives of the co-operating powers at Peking, Dec. 4, 1900, and substantially amended before signature. The note recites the numerous incidents of the Boxer uprising, the assassination of Baron von Ketteler, and the relief of the legations at Peking by the allied troops, whereupon the note remains:

Inasmuch as China has recognized her responsibility, expressed regret and evinced a desire to see an end put to the situation created by the aforesaid disturbances, the powers have determined to accede to her request upon the irrevocable conditions enumerated below, which they deem indispensable to exonerate the crimes committed and to prevent their recurrence.

Conditions For Peace.

First.—The dispatch to Berlin of an extraordinary mission, headed by an imperial prince, in order to express the regrets of his majesty, the emperor of China, and of the Chinese government for the assassination of his excellency, the late Baron Von Ketteler, minister of Germany.

The erection on the spot of the assassination of a commemorative monument, befitting the rank of the deceased, bearing an inscription in the Latin, German and Chinese languages, expressing the regrets of the emperor of China for the murder.

Second.—The severest punishment for the persons designated in the imperial decree of Sept. 25, 1900, and for those whom the representatives of the powers shall subsequently designate.

The suspension for five years of all official examinations in the cities where foreigners have been massacred or have been subjected to cruel treatment.

Third.—Honorable reparation to be made by the Chinese government to the Japanese government for the murder of Mr. Suyima.

Fourth.—An expiatory monument to be erected by the imperial Chinese government in every foreign or international cemetery which has been desecrated or in which the graves have been destroyed.

Fifth.—The maintenance under conditions to be determined by the powers of the interdiction against the importation of arms as well as of materials employed exclusively for the manufacture of arms and ammunition.

Sixth.—Equitable indemnities, governments, societies, companies and individuals, as well as for Chinese, who, during the late occurrences, have suffered in person or in property in consequence of their being in the service of foreigners. China to adopt financial measures acceptable to the powers for the purpose of guaranteeing the payment of said indemnities and the interest and amortization of the loans.

Seventh.—The right of each power to maintain a permanent guard for its legation, and to put the diplomatic quarter in a defensible condition, the Chinese having no right to reside in that quarter.

Eighth.—The destruction of the forts which might obstruct free communication between Peking and the sea.

Ninth.—The right to the military occupation of certain points, to be determined by an understanding among the powers, in order to maintain open communication between the capital and the sea.

Tenth.—The Chinese government to cause to be published during two years in all the subprefectures an imperial decree—(A), embodying a perpetual prohibition, under penalty of death, of membership in any anti-foreign society; (B), enumerating the punishments that shall be inflicted on the guilty, together with the suspension of all official examinations in the cities where foreigners have been murdered, or have been subjected to cruel treatment, and (C), furthermore, an imperial decree to be issued and published throughout the empire ordering that the governors general (viceroy) and all provincial or local officials shall be held responsible for the maintenance of order within their respective jurisdictions, and that in the event of renewed anti-foreign disturbances, or any other infractions of treaty occurring, and which shall not forthwith be suppressed and the guilty persons punished, they, the said officials, shall be immediately removed and forever disbarred from holding any office or honors.

Eleventh.—The Chinese government to undertake to negotiate amendments to the treaties of commerce and navigation considered useful by the foreign powers, and upon other matters pertaining to their commercial relations, with the object of facilitating them.

Twelfth.—The Chinese government to determine in what manner to reform the department of foreign affairs and to modify the court ceremonial concerning the reception of foreign representatives, in the manner to be indicated by the powers.

Until the Chinese government has complied with the above conditions to the satisfaction of the powers the undersigned can hold out no expectation that the occupation of Peking and the provinces of Chih by the general forces can be brought to a conclusion.

WHAT LEE MEANT.

Explains Remarks About Our Flag Floating Over Cuba.

St. Louis, Dec. 24.—General Fitzhugh Lee, who is in the city as the guest of the New England society, was interviewed in regard to his speech made on the St. Louis Merchants' exchange Friday in which he is said to have made the prediction that the American flag would continue to float over the island of Cuba. He said: "The meaning I intended to convey was that the American flag would float over Cuba until a stable government was formed that will be capable of protecting life and property and giving confidence to capital. The United States has promised the Cubans self-government and will carry out its promise. Upon the Cubans will rest the responsibility of determining whether the government shall be permanent or otherwise."

Under the escort of W. B. Homer, president, and a committee from the New England society of St. Louis, General Lee and staff, with the women of the party, went to Jefferson Barracks, where the general and his party met the officers at a luncheon and inspected the post. In the afternoon a reception was given the distinguished visitors by the University club.

Another Claim on Owens.

Middlesboro, Ky., Dec. 24.—The general belief here is that John Owens was not a name assumed by the murderer hanged at Paris, Ills., but that he was John Owens of Bell county, Ky. Three men by that name have lived in this section, all but one have been heard from; and it is believed he is the man hanged at Paris. Descriptions given to John Owens strengthen this belief. The Paris man could not have been the son of T. H. Wolsam, whom he is said to have lived southeast of this city. There is no such resident by that name living in this section.

Kentucky-Indiana Line.

Frankfort, Ky., Dec. 24.—In the court of appeals the petition for a rehearing of the Kentucky-Indiana state boundary-line dispute was overruled. In an opinion concurred in by a majority of the judges, Judge Durell holds that Kentucky has exclusive jurisdiction on the Ohio river to the low water mark on the Indiana side. Judge Hobson delivered a separate opinion holding that Indiana has concurrent jurisdiction over the river. The suit grew out of an Indiana civil attachment served on a steamboat, and it is held for want of state jurisdiction.

Strikers Shot.

Antwerp, Dec. 24.—A fresh attack was made by striking dock laborers and others on non-unionists, at the Ockerill wharf. A detachment of 50 policemen charged the strikers, firing revolvers into the crowd. Thirty men were wounded, 10 severely. The strikers withdrew, taking some of their wounded. Their attitude is menacing, the police are being reinforced and more fighting is imminent.

Influenza Epidemic.

St. Petersburg, Dec. 24.—The influenza epidemic here is so severe that the mortality return for the past week has been the highest for a decade. A meeting of physicians was summoned to discuss remedies, but scarcely half dozen responded to the call, the rest being overworked, or themselves victims of the malady. The weather is conducive to the spread of the disorder, being changeable.

Powers Case Still Pending.

Frankfort, Ky., Dec. 24.—The court of appeals adjourned till the January term without rendering a decision in the case of ex-Secretary of State Caleb Powers, charged with complicity in the Goebel assassination and sentenced to life imprisonment. This passes it up to the new court which will tandem four Republicans to three Democrats.

Confessed a Horrible Crime.

Los Angeles, Cal., Dec. 24.—Edward V. Higgins, who resides in Coldwater canyon, has confessed that he killed his mother and William Sheehan, a sheep herder, with an ax Dec. 4. A body has been found in a grave on the hillside where Higgins says he buried his victims. The self-accused murderer shows signs of dementia.

Wiped Off the Slate.

Columbus, O., Dec. 24.—Before adjourning for the holidays the supreme court of Ohio, on motion of Attorney General Sheets, dismissed all the cases against the Standard Oil company and its constituent companies, begun under the anti-trust laws of the state by Attorney General Monnett.

Held Up and Robbed.

Mitchell, S. D., Dec. 24.—N. J. Neilsen, treasurer of the A. O. U. W. lodge in this city, was held up by footpads at midnight, bound, gagged and robbed of \$250 and left lying in an alley. When found by a night watchman Neilsen's hands and feet were frozen and he was unconscious. There is no clue.

SAID TO BE CHECKED.

General Kitchener on the Boer Movement into Cape Colony.

NOT GETTING MUCH ASSISTANCE.

However, the Burghers Continue to Take Towns and Cut the Railways—Generals French and Clements Engaged.

London, Dec. 24.—The war office has received the following dispatch from Lord Kitchener, dated Pretoria, Dec. 22.

"As far as it is possible for me to form an opinion from the reports of officers on the spot, I think the Boer movement into Cape Colony has been checked. Of the two forces that entered the colony the eastern is still north of the Zoutpansberg range, while the one that entered west appears to have been turned in the direction of Britstown and Prieska. Our troops are getting around both bodies. The Boers have not received much assistance in Cape Colony, as far as my information goes. We have armed some of the colonists, who are assisting our forces. The western column of Boers occupied Britstown and cut the railway south of DeAar junction. The enemy is being followed up.

"General French has been in contact for two days with the commandos Beyers and Delarey, south of the Magaliesberg. He is pursuing them. The enemy have lost considerable, and Commandant Kreuz and others have been captured. General Colville engaged two separate commandos December 21 near Vladfontein with slight losses, the enemy retiring. Dewet is in the neighborhood of Senekal. Clement's force was engaged Friday south of Oliphant's Nek, but do not yet know the result."

London, Dec. 24.—Lord Kitchener's dispatches, breathing a confidence not justified by their contents, are almost the only available news from the seat of hostilities in South Africa, but telegrams from Cape Town depict the situation in anything but roseate hues. Without believing the assertion of the Transvaal agency in Brussels that 6,000 Boers have invaded Cape Colony it is quite evident that the invasion is a serious and well planned affair.

In connection with this a correspondent sends an extremely interesting letter, dated Bethulie, describing General Dewet and his doings. "Dewet has never been taken seriously enough," says the correspondent. "It is of little use to pursue him, as he fights a rear guard action and gains 20 miles while he is being fought. He is a born military genius, whose wonderful powers have kept up this phenomenal resistance."

The Cape Colony cabinet had an important sitting Sunday. It appears that the Boers have destroyed a railway bridge 90 feet long about 12 miles south of DeAar, and that no cape mails have arrived at Bloemfontein for three days. Further anxiety has been caused in Cape Town by the discovery that, during the last two months, public bodies in out of the way places have received supplies of dynamite. The colonial government is now endeavoring to recover possession of these explosives and is removing all stores of arms and ammunition from suspected depots.

Other advices from Cape Town represent the Dutch element in Cape Colony as greatly elated over the southward progress of the Boers and boasting that the whole district of Victoria West will join the raiders. It is suspected in Cape Town that the force traveling from Zoutpans drift is not a body of Boers but one of colonials hastening to join the invaders.

A Pietermaritzburg correspondent wires: "The Boers are active between Johannesburg and Pretoria, exchanging shots with the British outposts, and it is reported that parties of Boers are hovering around Johannesburg."

Horses For the British.

Kansas City, Dec. 24.—Captain Heygate of the British army is purchasing 50,000 cavalry horses and mules for the British army in South Africa. He came here more than a year ago to buy horses and mules for the British army, but was ordered home a short time ago because it was thought the Boer war was over. But the unexpected renewal of hostilities made the purchase of more horses and mules absolutely necessary. As fast as the animals are inspected and bought they will be sent to New Orleans and shipped to South Africa. Since the beginning of the Boer war England has purchased over 100,000 head of horses and mules in the United States.

Dayton, O., Dec. 24.—Charles Walsh, engineer aged 52, died of injuries sustained by colliding with a horse and buggy while riding a bicycle.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

"The good demand for old tobacco noted in our last report, though confined to a limited number of buyers, was more apparent when a greater number of factory representatives were bidding for the old tobacco. Consequently the demand for old goods was general and prices for most goods ranged higher, good to fine fillers and cutters showing the most improvement. Stripping lugs and trash of good length and showing uniform color were rather active, and, as a rule, sold at satisfactory prices. The inquiry for old smokers is stronger and prices obtained this week we think showed some improvement, still we would not quote them as higher. The top price for old leaf was 17@ cents.

The Star of Bethlehem.

When, maraled on the mighty plain,
The glittering host bestud the sky,
One star alone of all the train
Can fix the sinner's wandering eye.

Hark, hark, to God the chorus breaks
From every host, from every gem;
But one alone the Saviour speaks;
It is the Star of Bethlehem.

Once on the raging seas I rode;
The storm was loud, the night was dark.
The ocean yawned, and rudely blew
The wind that tossed my fowndering bark.

Deep horror then my vitals froze;
Death struck, I ceased the tide to stem;
When suddenly a star arose;
It was the Star of Bethlehem.

It was my guide, my light, my all;
It bade my dark forebodings cease,
And through the storm and danger's thrall
It led me to the port of peace.

Now safely moored, my perils o'er,
I'll sing, first in night's diadem,
Forever and forevermore,
The Star—the Star of Bethlehem!

—Henry Kirke White.

NO BULLETIN TO-MORROW.

In accordance with our custom for years, and in order to give our faithful employees a chance to celebrate, no paper will be issued from this office to-morrow. The BULLETIN will appear as usual on Wednesday. A merry Christmas to all.

A BAD PRECEDENT.

Reference was made Friday to the action of the House of Representatives in the Bouteille case. Commenting on the case, the New York Herald has this to say:

The House of Representatives has established a dangerous precedent in passing the joint resolution to make one of its members, Charles A. Bouteille, a Captain of the retired list of the navy. It has created a situation that is new and intolerable and has opened the door to abuses of the gravest character.

The obnoxious nature of the measure must have been understood, for the timid promoters slipped it through when they knew a quorum would not be present. The explanations given by Mr. Littlefield, of Maine, are misleading. In seeking by various methods to benefit his colleague he has done an injustice to the whole navy and has been grossly unfair to officers who after long and faithful service have been retired in grades junior to that given to Mr. Bouteille.

No one questions the general good work done by the late Chairman of the Naval Committee—and the sympathy of the nation goes out to him in his distress. But there are other methods of rewarding or repaying him, and if Congress believes his service worthy of substantial recognition let it in full session, when the question may be debated, suggest legal means to this end. The bill should be killed in the Senate.

Statistics gathered by Rev. Dr. Geo. Young show that there are very few altogether "wet" counties in Kentucky—counties that license the sale of liquor. Thirty counties in the State are entirely "dry," as many more are "wet" in one spot, or to be more exact, liquor is sold only at the county seat. There are only four places where liquor is sold in the Fourth Appellate district, which is composed of twenty-one counties in the Fifth, Tenth and Eleventh Congressional districts.

The Kentucky State Board of Health has quarantined Greenup County against the whole world. This step is taken because of the indifference of the civil authorities in that county to the disease. The papers praise the "International" Operatic Company which is booked to appear here Dec. 31st at the opera house and the reports indicate that they have drawn large audiences and aroused the public to enthusiasm. ANNOUNCEMENT.

FOR ASSESSOR.

I hereby announce myself as a candidate for the nomination for the office of Assessor, subject to the action of the Democratic party. I am from the Lewisburg precinct, which, although the champion Democratic precinct of the county, has heretofore been ignorant in the distribution of offices and friends have not been recognized in this instance at least by my cordial support. If nominated, I will be elected; if elected, I will faithfully perform the duties of the office—see the people, and not simply copy the old books.

We are authorized to announce W. H. HAWES, of Minerva precinct, as a candidate for County Assessor, subject to the action of the Democratic party.
